Notes:
Definition of Operating while Intoxicated
Under Wisconsin law, a driver is considered to be operating while intoxicated if:
(1) the driver is under the influence of an intoxicant so that his ability to operate a vehicle was impaired [346.63(1)(a)];
(2) the driver has an alcohol concentration in excess of what the law allows. This limit generally decreases for problem drivers. The PAC (prohibited alcohol concentration) for first, second and third offenders is 0.08. For fourth and subsequent offenders as well as for all drivers who are subject to an ignition interlock order, the PAC is 0.02 [340.01(46m), 346.63(1)(b)]; or
(3) the driver has any amount of a restricted controlled substance in his/her blood [340.01(50m), 346.63(1)(b)]. "Restricted controlled substance" does not include Delta-9-tetrahydrocannabinol at a concentration of less than one nanogram per milliliter in a person's blood. [340.01(50m)(e)]

Period between Offenses
The period between offenses are measured violation date to violation date. [346.65(2c)].
Occupational Licenses
Persons whose operating privileges have been suspended or revoked may apply for an occupational license to drive between home and work or school. [343.10] Obtaining an occupational license will require payment of \$240 (\$50 reinstatement fee + \$140 OWI-related fee + \$40 occupational fee license + \$10 license issuance fee). [343.21(1)(j), (jr), (k), (n)] No occupational license may be issued to an offender who fails to pay \$50 IID Surcharge. [343.10(2)(f)] Persons with two or more suspensions, revocations or convictions counted under 343.307(1), must complete assessment and be in compliance with a driver safety plan as well as submit proof of IID install to be eligible for an occupational license. [343.10(2)(e), (f), 343.30(1q)(c)]

Ignition Interlock Devices (IIDs) and 24/7 Sobriety Programs
Courts enter IID orders on any repeat offender, any first offender with a BAC of 0.15 or more and any person who refuses a chemical test. [343.301(1g)] A driver subject to an IID order will have his/her Class D operating privileges restricted for a minimum of 1 year to a maximum period equal to the length of the driver's revocation (which includes extensions for confinement and for having a minor under 16 or an unborn child in the vehicle at the time of the offense). [343.301(2m)] The IID restriction will be begin on the date the driver obtains any license (including occupational license) in Wisconsin. [343.301(2m)] The IID order also requires the installation of IIDs on every vehicle titled or registered in the driver's name, unless undue financial hardship would result or if DOT determines vehicle is incapable of having an IID installed. [343.301(1g), (1m)] Courts can require the vehicle order to begin immediately. Courts will charge a \$50 IID Surcharge when issuing IID orders. [343.301(5)] A 24/7 sobriety program may be substituted for IID participation, if court approved. [343.301(1g)(am)2.] Driver responsible for costs of IID, but costs can be limited by court for persons below poverty line set in statute. [343.301(3)]

Minor under 16 in Vehicle at Time of Offense
Penalties are often doubled if a minor under the age of 16 was in the vehicle at the time of the offense. For a first OWI offense and a second OWI offense with no prior offenses in the preceding 10 years, fines are more than doubled, jail time is added and revocation penalties are doubled. (See chart.) For a second OWI offense with prior convictions within 10 years of offense as well as third or greater OWI offenses and causing injury while intoxicated offenses, fines/forfeitures, jail time and suspensions/revocations penalties are doubled. For causing great bodily harm or homicide while intoxicated offenses and chemical test refusals, the revocation penalties are doubled. [343.30(1q)(b)4m, 343.305(10)(b)4m, 343.31(3)(c), (e), (f) and 346.65(2)(f), (3m), (3p)] Penalties and the revocation are also doubled for causing great bodily harm or homicide by intoxicated use if an unborn child is in the vehicle at the time of the offense. [343.31(3)(c), (f)]

Huber Release
Regardless of when the a court orders IIDs to be installed, an offender cannot be released from jail under the Huber Law unless IIDs are installed in each vehicle to which the order applies within 2 weeks of being convicted. Failure to install IIDs within this 2 week period will result in being ineligible for Huber release for the duration of the sentence. This failure cannot be corrected by installing the IIDs at a later time. Sheriffs lack any discretionary power in imposing this Huber release restriction. [303.08(10r)] An offender will also be required to submit to assessment and treatment as a condition of Huber release unless he/she lacks sufficient funds to comply. [303.08(10m)]

Consequences to Holders of Commercial Drivers Licenses
If any of the listed offenses (except Open Container offenses) are committed while operating a commercial motor vehicle or were committed by a holder of a commercial drivers license (CDL) after September 30, 2005, the following sanctions are applicable:
(1) for first offenders, a 1-year CDL disqualification (a 3-year CDL disqualification if transporting hazardous materials) [343.315(2)(a), (b)]; or
(2) for 2nd and subsequent offenders (with first offense after July 1, 1987), a lifetime CDL disqualification. [346.315(2)(c)]
Administrative suspensions result in CDL disqualifications.

"Safe Street" Option
A modified probation option known as "Safe Street" is available for certain second, third, fourth OWI offenses and first offense causing injury by intoxicated use of a motor vehicle. Mandatory jail sentences are reduced only if the person completes probation, including alcohol and other drug treatment. This option may only be used once in a person's lifetime.

Demerit Points
All offenses listed on this chart result in the assessment of demerit points except chemical test refusals, administrative suspensions and open container violations. 6 demerit points are assessed for these violations committed by drivers holding regular licenses. Drivers who have never been licensed ,or who hold instruction permits or probationary licenses, are assessed 12 demerit points. [343.32(2)(bc)] For the scale of demerit points for all traffic violations, see Trans 101.02, Wisconsin Administrative Code, and 343.32(2).

Prior Offenses
For a complete list of offenses that may be counted as prior offenses, see 343.307.
Additional Fees
In addition to fines and forfeitures, fees, assessments and surcharges will be applied pursuant to 165.755(1), 302.46, 343.301(5), 346.655(1), 757.05(1), 814.63(1), (3), (3m), 814.65(1), 814.85(1) and/or 814.86(1).

Mandatory Time of Confinement
For 3rd or subsequent offense, post-conviction and pre-sentence release and stay of execution of jail or prison term is prohibited. [969.01(2)(a)] Probation is a sentencing option for offenders convicted of 2nd – 6th offense OWI, but they must serve at least the mandatory minimum jail term. [973.09(1)(d), 973.09(2)(a)1.d., 973.09(2)(am)]. Imprisonment is required as part of a mandatory bifurcated sentence for OWI 7th and above. [346.65(2)(am)6. and 7., State v. Williams, 2014 WI 64, FN 5.] Fourth or greater offense OWI offenders may be confined in a facility located in the city of Milwaukee to allow the offender to complete an alcohol and other drug abuse treatment program. [973.09(4)(b).]

Start of Revocation
Period of license revocation begins on date of conviction and is extended by the number of days the offender is sentenced to jail or prison. [343.30(1r)]
Motor Vehicles
Operation of a motor vehicle is an element of all offenses except the felony offenses of causing great bodily harm or homicide by intoxicated use of any type of vehicle.

Footnotes:
¹ Excessive BAC Escalator: Forfeitures and fines are doubled if offense was committed with an AC between 0.17 and 0.199; tripled if AC is between 0.20 and 0.249; and quadrupled if AC exceeds 0.25. [346.65(2)(g)]
² Both drivers and passengers can be ticketed for the presence of an unsealed container of an intoxicating beverage in the passenger compartment of a vehicle. [346.935]
³ "Lifetime" revocation does not apply to a 4th or greater OWI offender if the offender did not commit his/her latest offense within 15 years of his/her preceding offense. [343.31(1m)(b)] Reinstatement possible after 10 years. [Id.]
⁴ Wis. Stat. s. 346.65(2)(am)5. requires a bifurcated sentence which thereby implies a 1-year minimum prison sentence. Wis. Stat. ss. 973.01(2), 973.02.
